MADC LAUNCHES NEW WEBSITE

The Minot Area Development Corporation (MADC) is excited to announce that we have launched a [new website](#)!

With an evolving economy and [new strategic plan](#) (finalized in 2016), MADC is enhancing its strategies to best serve the Minot community. MADC's new website will deliver up-to-date relevant data and community information for business decision makers. The mission of MADC is to facilitate business attraction, expansion, retention, and advocacy to diversify and strengthen the Minot area. MADC's new website will make a memorable first impression of our Magic City for prospective businesses looking to expand to Minot.

Not only will [MADC's new website](#) serve as a tool for new business attraction, but it also allows the opportunity for MADC to better engage with the Minot community. [Have you ever wondered, what exactly is MADC? Why does MADC focus on primary sector businesses? How has MADC impacted Minot?](#) If these questions have ever crossed your mind, visit our [new website](#) to see the crucial role we have in the Minot community!

MADC is committed to building and supporting a resilient, sustainable, and diversified economy to ensure Minot is the right location for businesses and families. Please visit our new website at www.minotusa.com to learn about the organization dedicated to making Minot the location of choice!

AGT FOODS EXPANDS IN MINOT

On Friday, August 5th, Founder and President/CEO of AGT

Foods, Murad Al-Katib, was surrounded by the Minot community and City, State, and Federal leaders to celebrate AGT Foods expansion. "You operate in many countries around the world and you could do this expansion in many other places, but you chose to do it here (in Minot, ND) and we can never take that for granted," stated Senator John Hoeven.

As the event concluded, Mr. Al-Katib closed with an exciting announcement, "What we've done so far, we are just getting started... We are announcing today that we are adding a 4th processing line to Minot." The processing line and a new fiber granulation and sterilization line are expected to be completed by January 2017.
